not sure

which one  
best describes  
how you feel  
about your  
system?

not happy

'not sure'  
'not happy'  
'very unhappy'  
or 'happy but...'

Why not talk to us  
to see how we can  
help and to find  
out more about the  
collection of brands  
that we specialise  
in. And why not ask  
about our popular  
**BUY Now PAY  
Later scheme?\***

very unhappy

We'll soon have  
you feeling 'really  
happy' with your  
system again.

\*Buy the product of your dreams from  
Oxford Audio and pay nothing for 12 months\*\*  
\*\*Subject to status/conditions.

happy but...

## The NEW ETHOS from Martin Logan

The NEW ETHOS from Martin Logan is an advanced combination of sonic technologies establishing an unprecedented new direction for audiophile design. Descended from Martin Logan's renowned CLX™ loudspeaker, the NEW ETHOS features advanced XStat™ electrostatic technology and a proprietary Vojtko™ crossover topology delivering the highest sonic standards of efficiency and precision. Call Oxford Audio to find out more.

## A NEW breed of amplifier

The NEW Audio Research DSI200 and DS450 are part of the Definition Series. This series showcases new and innovative technology to create products that not only sound wonderfully superior to others, but are more efficient and green too, earning an ENERGY STAR certification. It means far less heat wastage and less electricity consumption, without sacrificing dynamic power and amazing musical performance. The future looks very bright for Audio Research and its many customers. Call Oxford Audio to find out more.
